

INTRODUCTION

The Tribunal of Inquiry into the Circumstances of Infection of People with Haemophilia Infected with HIV and/or Hepatitis C commenced on 2nd May 2000. The Tribunal News was sent out to members of the Irish Haemophilia Society on a weekly basis throughout the hearings of the Tribunal of Inquiry. Following 196 days of evidence, the Irish Haemophilia Society presented their Final Submissions and Recommendations for the Future on Days 189-191. The Recommendations are included at the end of this booklet.
